Dear Ms. Waterman and Children,

On behalf of the Division of Pediatrics, I would like to thank you for your kindness and generosity in providing our pediatric patients with the wonderful assortment of activity bags. I wish you could have seen the smiles on the children's faces when they saw them! The lovely gifts mean a great deal not only to the children who are undergoing treatment, but to the families and staff as well.

We are proud to have a growing program in pediatric cancer treatment. Through our research and world-class treatments, we are providing the youngest and most vulnerable victims of cancer with far-improved chances for long-term survival.

From our staff and patients, we express our heartfelt thanks and appreciation. For your records, our tax ID number is 953147370.

Warmest regards,

Judith K. Sato, M.D.
