Dear Laureen,

On behalf of L.A. Family Housing and the families we serve I would like to thank you and the congregation of Temple Kol Tikvah for your donation of much needed coats and blankets. Since we have actually had some very cold weather this past month this was an especially nice donation to receive.

LAFH has served approximately 100,000 people since 1983 through an integrated system of temporary shelter, affordable housing development and comprehensive social services. Over the years, LAFH has grown from one facility with 40 beds in the San Fernando Valley to 21 facilities with nearly 2,000 beds throughout Los Angeles. We have developed 439 units of affordable housing and assisted in the development of 316 additional units.

In addition to shelter, LAFH provides a wide array of supportive services to help families and individuals remain self-sufficient. These include case management, employment assistance, medical and mental health services, parenting classes, money management assistance, and a mandatory savings program in preparation for securing independent housing.

Many thanks again to you and your fellow congregants for your generous donation of coats and blankets. LAFH relies on the support of generous donors like you to continue providing affordable housing opportunities and supportive services to children, families, and individuals in need.

Best regards,

Ruth Devine
